Bangkok, Thailand

Education

WIT COM – Senior High School – Rayongwittayakom School – Rayong, TH
BACHELOR OF COMPUTER ENGINEERING – Third year – King Mongkut's University of Technology Thonburi – Bangkok, TH

Technical skills

Programing langue
Python: pandas, matplotlib, seaborn, NumPy, Sklearn

Data Analysis and Visualization
Pivot Table, Pivot Chart, VLOOKUP

Machine learning
Algorithms, model

Database
SQL: SQLite, MySQL
NoSQL: MongoDB, MongoDB compass

Statistical Analysis

Tools and platform
Social listening tools: Zocial Eye, Supermetrics

Soft skills

Presentation
Canva, PowerPoint

Problem solving

Responsibility

Communication

Writing

Research
Read paper

Teamwork

Self-learning

Certifications / Testing

SOCIAL LISTENING DATA ANALYST – Certificate **–** DATAROCKIE

- Developed skills in collecting and analyzing data from social media, sentiment analysis and trend identification.
- Analyzed social media data to provide actionable insights and recommendations.

SQL DATABASE – Certificate **–** DATAROCKIE

- Proficient in creating and managing relational database using SQL.
- Designed complex database schemas, optimized queries, and ensured data integrity.

MINI DATA SCIENCE BOOTCAMP – Certificate **–** DATAROCKIE

- Data manipulation and analysis using Excel functions and formulas also the Data visualization and chart creation.
- Hands-on final test applying learning skills, problem-solving and critical thinking to real world scenarios.
- Integration of Excel and SQL skills in developing comprehensive data solutions.

MACHINE LEARNING BEGINER – Certificate –SIMPLE LEARN SKILLUP
DATA ANALYSIS WITH EXCEL PIVOT TABLES – Certificate –365 DATA SCIENCE
INTRODUCTION TO JUPYTER – Certificate –365 DATA SCIENCE
INTRODUCTION TO PYTHON – Certificate –365 DATA SCIENCE
DEEP LEARING WITH TENSORFLOW2 – Certificate –365 DATA SCIENCE

Others projects

HOTEL MANAGEMENT WEB/ MONEY MANAGEMENT WEB – Project **–** King Mongkut's University of Technology Thonburi
